

FOOD FRONT FARM TOUR

~ with lunch, and wine tasting ~

Saturday, September 18th | 8am-5pm

GATHERING TOGETHER FARM

We'll travel south through the valley with Ecoshuttle, a Portland based environmentally friendly transportation company. to arrive at our first stop, Gathering Together Farm. There we'll be met by our host, John Eveland farmer and owner since 1987. With John as our guide, we'll experience the sights, tastes, and smells that make organic growing so unique and robust. After the tour we'll have a sumptuous lunch on the farm at their very own cafe, The Garden Room. We'll feast on the abundance of the farm, experiencing farm-to-fork in the most literal sense.

EVESHAM WOOD WINERY

Nestled on a lower terrace of the Eola-Amity Hills' eastern slope in Oregon's Willamette Valley, their east facing 13 acre estate vineyard, Le Puits Sec, was planted in 1986. We'll have the opportunity to tour their organically certified vineyard and learn more about the benefits of non-irrigated vines. Afterwards we'll relax in the winery, tasting a sampling of wines, and appreciating their 'small is beautiful' philosophy that results in outstanding flavors and supreme quality.

Cost for bus, farm tour, lunch, and wine tasting: \$39.
